KS1 – 2016 Paper – Reasoning (Second)

5.

<b>8</b>	<p>Coins matched to the correct boxes as shown:</p> <table border="1"><tr><td data-bbox="266 310 440 390"><b>Less than</b> </td><td data-bbox="537 310 716 390"><b>More than</b> </td></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr></table>	<b>Less than</b> 	<b>More than</b> 											<p><b>1m</b></p> <p>All four coins must be matched correctly for the award of the mark.</p> <p>Accept any other clear way of indicating the correct answer.</p> <p><b>Do not</b> award the mark if a coin is matched to both boxes.</p>
<b>Less than</b> 	<b>More than</b> 													
														
														
														
														
														

KS1 – 2017 Paper – Reasoning

6.

13

Both inequalities completed correctly, using each of the given numbers once only, i.e.

$$\boxed{14} > \boxed{0}$$

$$\boxed{61} > \boxed{50}$$

OR

$$\boxed{50} > \boxed{14}$$

$$\boxed{61} > \boxed{0}$$

OR

$$\boxed{61} > \boxed{50}$$

$$\boxed{14} > \boxed{0}$$

OR

$$\boxed{50} > \boxed{0}$$

$$\boxed{61} > \boxed{14}$$

1m

Both inequalities must be correct for the award of the mark.

**Do not** award the mark if any number is used more than once, e.g.

$$\boxed{14} > \boxed{0}$$

$$\boxed{50} > \boxed{14}$$

**Do not** award the mark if numbers not given in the question are used.

(Refer to general marking principles 10 and 11 on pages 7 and 8.)
